

GRANT D POWELL

Computer Engineer

931-214-9549 • GrantPowell911@gmail.com • GrantDPowell.github.io • Chattanooga, TN

Summary

As a Computer Engineering major, I've developed strong problem-solving skills, adaptability, and technical knowledge through my academic journey at the University of Tennessee at Chattanooga. My hands-on experience in shift management, cooking, and autobody repair has further honed my ability to tackle diverse challenges. These experiences, combined with my blend of leadership and technical roles, demonstrate my capacity to learn quickly and manage various tasks, preparing me effectively for a career in technology and beyond.

Experience

Walgreens

Shift Manager08/2021 - Present

- Managed shifts, counted drawers, led truck deliveries, and managed inventory.
- Supported the pharmacy through prescription filling, selling and other tasks.
- Coached and trained team members and walked new members through onboarding process.
- Supervised and led a team of employees, coordinating daily operations and ensuring high levels of customer service and operational efficiency.

Chili's

Kitchen Manager / Cook06/2019 - 01/2021

- Prepared and cooked food, cleaned, and oversaw shifts as shift leader.
- Held a strong position and was relied upon in every shift.
- Position ended due to better opportunity at Walgreens

Dairy Queen

Line Cook03/2019 - 06/2019

- Cooked and cleaned.
- Part-time position ended due to relocation for school.

Mullinax Motors

Autobody Technician01/2017 - 05/2019

- Oversaw all insurance estimates.
- Repaired and painted vehicles.
- Part-time position ended due to relocation for school.

Education

University of Tennessee at ChattanoogaChattanooga, TN

B.S. in Computer Engineering | GPA: 3.1 / 4.008/2020 - 12/2024

- During my time at UTC I have ran numerous study halls / class refresher courses.
- Developed the 'Integrated Lab Companion', an innovative technology for UTC's electrical and computer engineering laboratories, significantly enhancing experimental capabilities and showcasing advanced technical design skills.
- Developed a robust understanding of fundamental computer engineering principles at UTC.
- Graduation Date: December 2024

Strengths

★ Fast Learner

Quickly picks up on tasks and what needs to be done.

♥ Problem Solver

Can solve complex and difficult tasks without assistance.

🧠 Hands-On

Quickly grasps new concepts and is eager to learn.

Skills

Computer Engineering • Python • html5 • Java • C++ • Linux • Windows • Microcontrollers • Solidworks • Phone repair • PC Building / Repair

Communication • Time management • Planning • Organization • Customer service

Achievements

Integrated Lab Companion

Designed the lab companion for UTC electrical engineering laboratories. More Info: <https://cpen.vesulo.com/guides/v1>.

Duke TIP 7th grade talent search

I was chosen due to my academic performance to take the ACT early in 7th grade, I achieved a 26.

CERTIFICATIONS

Tennessee Board of Pharmacy Certification
